"Practical way to become a Gem Trader"

The Gemological Institute of Ceylon was established with the goal of educating entrepreneurs and developing the gem and jewelry business via the application of cutting-edge technologies. To help take this business to the next level, we provide gem and jewelry appraisal studies and do research all over the world.

Our Chairman and Trainer, Mr. Sampath Samarasekara, is a web engineer with 13 years of experience as a gem trader. With clients in 40 countries, he works from the gem mine to the end client. By condensing his 13 years of experience into unlimited theory and unlimited practical experience with lifelong assistance, we built the Practical Gemology Program to guide, assist, and increase the vital information of novices in the shortest period of time feasible.

### **Achievements in the Gem and Jewelry Industry:**

- In Sri Lanka, we have three gem and jewelry showrooms (Kahawatta, Udawalawa, and Ella, Bandarawela) that have been connected to 400 tour operators.
- Purchasing offices in Kahawatta, Rakwana, and Embilipitiya.
- Licensed gemstone and jewelry trader and exporter with three online gem and jewelry stores.
- The said initiative would result in the creation of 100 jobs for gem miners, jewelers, and showroom staff.
- Since 2014, 251 gem and jewelry traders from around the world have received training in practical gemology and trading.
